What can you expect from your Carolina HealthWorks plan?

Protection from the unexpected

Carolina HealthWorks is a flexible, cost-effective health plan with fixed monthly payments for employers. The plan is sponsored by the NC Chamber Trust and member businesses benefit from simplified administration and greater savings from shared risk.

Being part of this larger group also means your business is protected from high-cost claims. The plan provides financial protection through stop loss coverage. So, even if an unexpected, costly claim shows up, you'll still pay the same stable, fixed rate. With no surprise expenses, you have greater control over cash flow and budgeting.

It's a great alternative to Affordable Care Act (ACA) plans that can lead to significant savings for your business.

**Shared risk among
member businesses
means lower rates**
